Let's Get Started:

- Remember you will be using Foundation Paper Piecing (FPP)
- Block size is set to be 7 in x 5 in how ever I made the top piece bigger by adding an inch so it turned out being 8 in x 5 in. (This was to give space for larger flowers when doing the mixed media mini block)
- Print templates and check that 1 in square lines up with your ruler
- Pattern includes 1/4 in seam allowance
- Make sure to use the 1/4 seam ruler
- Please cut paper along the dotted line
- Make sure to check your stitch size on your sewing machine use 1.5 this will help you when you are tearing off paper.
- Ready to choose your fabric ;)

Block Order:

- After you have finished all the pieces, sew piece B with piece C
- Then you can attach A to the bottom of that piece and D to the top part of piece BC

All Set:

- Trim around the block to get finished size, remember to iron and starch to have a crisp block
- If you'd like to make the Mixed Media Mini Block please check my website to lead you to that page www.pattybasemi.com
- I can't wait to see your finished block make sure to tag me on Instagram @pattybasemi
